"An investment in knowledge pays the best interest." – Benjamin Franklin

Dear Readers,

As we step into another year of learning, growth, and achievements, it is with great pride that we present the third edition of our school's E- Magazine. This publication is not just a collection of articles, stories, and artwork; it is a testament to the creativity, dedication, and hard work of our students and teachers.

This year has been a journey of exploration and transformation. From academic milestones to cultural celebrations, sports triumphs to social initiatives, our school community has once again demonstrated resilience, passion, and a spirit of excellence. Each page of this magazine reflects the voices of our young minds, their dreams, and their resolute determination to make a difference.

Education is not just about textbooks and exams—it is about shaping individuals who think critically, act responsibly, and contribute meaningfully to society. Through this magazine, we hope to inspire and encourage every student to embrace knowledge, nurture their talents, and continue striving for greatness.

We extend our heartfelt gratitude to our principal, teachers, and editorial team for their guidance and support in bringing this edition to life. A special appreciation goes to our budding writers and artists whose contributions have made this magazine a treasure trove of creativity and inspiration.

As you turn these pages, may you find stories that uplift, insights that inspire, and reflections that remind us of the incredible journey of learning. Here's to another year of excellence, innovation, and boundless possibilities!

A FRESH START – WELCOMING THE NEW ACADEMIC YEAR!

1ST APRIL 2024

The new academic year began with joy and reverence as students from Classes I to XII returned to school on 1st April. A special prayer service led by Class XII students marked the occasion, with lamp lighting and heartfelt hymns filling the air.

Class I students received a warm welcome with gifts from school leaders, including Principal Sr. Chitra and Manager Sr. Daise Maria. Selected students shared inspiring messages, and the Principal encouraged everyone to begin the year with positivity, purpose, and passion.

Welcoming Our New Vice Principal

With great joy, we welcome Sister Jeess Terese as the new Vice Principal of our school from the academic session 2024–25.

Her dedication to education, deep commitment to values, and inspiring leadership will surely guide our students and staff towards greater achievements.

Installation Ceremony

Chief Guest - Ms. Pratima Mathews(A.I.G. Shahdol)

Guest of honour - Fr. Jagan Raj (Parish Priest & Principal of St. Aloysious)

On (12/7/2034), our school community gathered to witness the installation of our new student council and house leaders. The ceremony marked a significant milestone in our school's journey, as we entrusted our student leaders with the responsibility of shaping our school's culture and community.

OBSERVING THE SIGNIFICANCE OF GURU PURNIMA

"Guru is the light that illuminates the path of knowledge and wisdom."

To honor teachers on the occasion of Guru Purnima, the Good Shepherd family invited retired staff members, Nigam Sir, Joji Sir and Yvonne Ma'am, to celebrate and recognize their contributions. The event also highlighted the significance of Guru Purnima, spreading awareness among students about the invaluable role of teachers in shaping their lives.

HAPPY INDEPENDENCE DAY

The 75th Independence Day was celebrated with great zeal and patriotic spirit. The event commenced with the hoisting of the national flag, followed by the national anthem. Our distinguished guests for the occasion were **Dr. Tharwani Sir** and **Dr. Tharwani Ma'am**. The celebration concluded with cultural performances by students, highlighting the diversity and rich cultural heritage of our nation. The event was a reminder of the sacrifices made by the freedom fighters for a call to uphold those values in our daily lives.

ECO-CLUB PLANTATION

The Eco Club of Good Shepherd Convent School organised a plantation drive on August 1, 2024, aiming to foster environmental stewardship among students and the local community. This initiative underscores the school's commitment to sustainability and the importance of nurturing the environment. On this day, students, faculty, and volunteers came together to plant diverse range of native trees and shrubs within the school premises to transform it into a green oasis. The event also included informative sessions on the benefits of trees, such as improving air quality, supporting wildlife, and combating climate change.

BAGLESS DAY: ONE STEP TOWARD REDUCING STUDENT STRESS

In today's world, where children are burdened with stress, studies, and books, the "Bagless Day" initiative serves as a great relief for students. This initiative is often referred to as "Activity Day". It is part of the New Education Policy (NEP) 2022-2023 guidelines.

On a Bagless Day, students participate in various activities such as cooking, public speaking, singing, and art & craft, watching motivational movies and more. They eagerly prepare for these activities in advance. All students come together to engage in group activities like fireless cooking, which fosters teamwork and creativity. There are several benefits to this initiative. One of the biggest advantages is that students get a day off from books and studies, allowing them to experience a stress-free, fun-filled day. Additionally, students come up with innovative ideas for their activities and learn important values like teamwork, generosity, love, respect, responsibility, and creativity.

At Good Shepherd Convent Sr. Sec. School, the sisters and staff work tirelessly to organize this special day. They arrange all the necessary supplies and encourage students to participate in the activities. As a result, students have developed a greater sense of respect and appreciation for everyone and everything.

In conclusion, the NEP has made a commendable effort for the well-being of students. More such activity days, like Fête Day, Exhibitions, and Science Fairs, should be introduced. Ultimately, students are having an amazing time, and we sincerely thank all the teachers, non-teaching staff, and sisters for making "Bagless Day" possible in our school.

THE NEW ENTREPRENEURIAL IDEA FOR MY VILLAGE/TOWN

"Seeds of Change"

In the heart of our village, where old meets new.

Lies a dream that's sprouting, in the morning dew.

An idea takes root, strong and wise, to lift our town, to lift the skies.

No longer should we wait for help to come.
The handles of our people will build what's begun.

With courage as fuel, and hope as our guide. We plant the seeds of growth, far and wide.

Small shops will thrive, fields will bloom.

Innovation lighting the darkest room.

From crafts to tech, from soil to store. We open new doors, we create, we explore.

With each new venture, we rise and we learn. Together we flourish, as the wheels turn.

For in the soul of this town, deep and true. Lives the heart of entrepreneurs, bold and new.

Let the world see, what we can achieve, with hard work, faith and the power to believe. In our village, success shall make it home. Through every step, we build, our room.

So here's to the dreamers, and those who dare. To turn humble beginnings into something rare. For our village is not just a place on a map.

It's the cradle of ideas, ready to unwrap.

EK BHARAT, SHRESTH BHARAT

The land we belong to, that holds our identity, and provides us with air to breathe, food to eat, basic necessities, luxuries, and everything we strive for, is our nation. Our nation is the result of the sacrifices, desires, hard work, and persistence of countless individuals.

To make a difference and be recognized, India has been striving for progress ever since it gained independence. The gift of a free and independent India must be valued and utilized wisely. A free nation offers its people the opportunity to grow, excel in various fields, and create an environment where everyone can fulfil their aspirations.

However, India still has a long way to go to become a great nation—one that truly fulfils the dreams of our freedom fighters and grows ideally and inclusively. To achieve this, we must ensure that every citizen receives basic necessities, such as education, healthcare, and employment opportunities. Several vital laws are still needed for India's progress, and the government must function in a transparent and corruption-free manner. Effective execution of policies and decisions is also essential for development, particularly for the benefit of the underprivileged.

The dream of making India a better nation can only be realized through a strong democratic government. In India, political power ultimately rests with the people. We govern ourselves through self-government institutions, and it is the responsibility of every citizen to elect capable and ethical leaders. At the same time, it is equally important for individuals to become ideal leaders themselves. Government decisions have a direct impact on people's lives, and we must hold our leaders accountable and influence them to act in the best interest of the nation.

Factors such as equality, fraternity, humility, love, and respect for every Indian must always be upheld and implemented by all citizens. A nation-state is one where people develop a sense of common identity, and keeping the spirit of nationalism alive is crucial for India's unity and growth.

India must also significantly improve its performance in the education and healthcare sectors. Education is a powerful tool for change and should be made accessible to all, regardless of their financial status. Likewise, a healthy nation is a prosperous nation. Proper healthcare facilities should be provided to every citizen, ensuring that no one is left behind.

Creating a better India also means ensuring sustainable growth. A country where only the rich become richer while the poor become poorer is not a true indicator of equitable development. Resources must be utilized responsibly—not to satisfy the greed of a few selfish individuals, but to make them accessible to all.

As individuals, we must become responsible citizens who work towards the growth and betterment of our nation. Everything we are today is because of our nation, and everything we aspire to become should also be for the progress of our nation.

WHERE WE FIRST LEARNED TO FLY

We walked in tiny, trembling feet,
Hands in theirs, where love would meet.

Left their hold, with teary eyes,
In halls unknown neath open skies
We feared no one would truly care
But warm hearth waited for us there.

They held us close like parents do,
With every lesson, kind and true.
They gave us love, and values deep
Planted dreams for us to keep.
In that temple, day by day
They lit our minds and showed the way

Hop! Hop! Hop!

Hop! Hop! Hop!
Sitting at the top.

Come and see nature's glory,
Try to discover its beautiful story.

Trees and plants, flowers bloom,
Ask the stars what makes them bloom.
Run, jump, and climb the tree,
Water it well—keep it free.

Pluck the fruit and take a bite,
Oh! My dear, keep the tree bright.
Oh! My dear, water the tree,
Let it grow wild, strong, and free.

Relationships

What comes to your mind when you hear the word "relationship"?

A relationship is a bond between people, and there are many types of relationships, such as the mother-child relationship, father-daughter relationship, mother-father relationship, and a beautiful one—the bond between friends.

Relationships can be wonderful and fulfilling, but at times, they can also bring challenges and hardships. A strong relationship should have qualities such as love, care, support in times of need, and standing by each other through difficulties. It should always be built on gentleness, generosity, and mutual respect—whether it is between a friends, a mother and father, or a father and daughter.

Sometimes, mistakes or misunderstandings can weaken the bond between people. However, when we learn from these challenges and build trust, relationships become a blessing in our live. A strong bond is filled with joy and happiness when there is mutual understanding and trust.

We should always have pure hearts and be kind towards everyone because every relationship begins with friendship, and true friendship begins with trust.

~THE SUN'S DAUGHTER~

The sun's daughter.
Dancing alone in her small room,
Feeling alive, in every attractive motion,
That clings to the soul.
The sun's daughter
Beautiful as its light,
With every movement.
She makes the heart beat
To her features, to her creature,
To the Earth's conflicted nature.
The sun's daughter
With the colour of fallen leaves
On her dress,
That makes you fall like a soldier,
Taking his last breath.
She's a WOMEN
A beautiful being
An artist and their muse,
The sun's daughter,
With the scent of henna,
And the fragrant flowers,
of her homeland.
The sun's daughter,
Who captured the artist's gaze,
And awakened love in their
crumbled path.
She gave a feeling
Filling the emptiness within the heart.
She's the women effect,
The artist's respect
The embodiment of love and beauty,
And God's superior glory.
Oh the sun's daughter!

WHAT NEW THINGS DO I WISH BHARAT TO HAVE IN 2047?

In the heart of Bharat, as the years unfold.
Dreams of a future, bright and bold.
A Tapestry woven with hope and grace.
Here are my wishes for our vibrant place.
I wish for a land where green trees thrive,
Where clean air and water help nature survive.
Cities that sparkle with innovation and light.
Sustainable living, a future so bright.
Education for all, from young to the old,
Where every child's story is lovingly told.
Knowledge that empowers, skills that ignite.
A nation of thinkers, ready to take flight.
Unity in diversity, our strength to embrace.
A tapestry rich in every culture and race.
Let kindness and respect be the threads that we weave.
Together we flourish, together we believe.
Healthcare accessible, for each and every soul,
A system that cares, making the broken whole.
Mental wellness cherished with love as the key.
A Bharat that thrives, where we can be free.
Innovation and tech, at the forefront we stand.
Harnessing progress together, hand in hand.
With courage and vision, let's pave the way.
For a Bharat that shines brighter each day.
So here's to the future, let our spirit rise,
In 2047, let's reach for the skies.
A Bharat that blossoms, in harmony and peace,
A land of promise, where our troubles cease.

Who am I?

Spent my life answering several questions. Questions were tiny, answers were huge, questions were complex, answers were simplified. Large questions, small questions, confusing questions and over confusing questions. They asked, us we answered, and we asked them and they.... answered but? Did we ever ask questions especially to ourselves? Spent the entire life making yourself something. But did not ever ask -Who am I? I guess the most disturbing question, to ever exist. Life changed after realizing the noises, the distractions existing outside seems nothing when the noise inside the head starts speaking. Yes, it started, it asked me -What are you? Have you Ever wondered? Who are you? The crystal of a sand? the drop of the ocean? The tune of some-one's guitar? The reason of someone's eternal peace? The piece of love? The painting of the painter? The art of an artist? the meaning of a poem? Or The star of any planet?
The poem of the poet? The necessity of someone? The essence behind someone's smile? The reason of someone to live?
wait, wait, wait... but I'm nothing... nothing among these...
Hey, while as answering the questions of world, did you get lost?
Yeah! you forgot to answer your own question about yourself.
you answered every universal question but you don't know WHO YOU ARE !
Think about it my friend, you should know the answer. You should!

HOW CAN INDIA BECOME A DEVELOPED COUNTRY?

India is a developing country, but there are several sectors where it lags behind other nations. The main reasons for this under development include a lack of focus, unity, determination, and collective support for a common goal. People often prioritize personal gains over national progress. Lack of unity, and diversity is sometimes seen as a barrier rather than a strength. While everyone desires India to become a developed country, many struggle with knowing where to begin.

Countries like America, Japan, and France have set an example for the world by strengthening their economies and financial systems through investments in human skill development, education, and healthcare. The economic inequalities that exist today contrast sharply with India's past. Historically, India was known as the "Golden Bird," symbolizing prosperity, wealth, culture, and civilization. Ancient India had marvelous monuments, architecture, and scriptures, which reflected its advanced development.

However, the globalization era played a significant role in the decline of India's economy. Many people misused India's rich resources by selling them to other nations for personal gain. They exploited these resources for high profits, weakening India's economic foundation while accumulating wealth for themselves. Instead of depleting India's resources, individuals should focus on bringing in new technologies and innovations to help the country progress.

Reducing the trend of settling abroad for business opportunities can also contribute to India's development. Instead, self-development for national progress should be prioritized. Our nation is like our family, and just as a family always seeks the well-being of its members, we must work collectively to ensure India's growth and prosperity.

I want to be a child again

I want to be a child again

**To chase breeze, and dance in rain
To have time, to play with toys again,
And not feel strange, shy or plain.
To build a fort, with bedsheet walls,
And have adventures, down the hall.
To laugh at clouds, and count the stars
And race my dreams, in candy cars.
With no stress, and worries at all,
just laughter and games, from dawn till fall.
A world of crayons, wild and wide
With no one telling me to hide.
No toxic relations, no pressure to please,
Just living freely, with heats of ease.
Happily chasing the moon, and asking why,
With stars as friend, I reach for the sky.
And I wish, that how I might,
Become a carefree child, just for one night.**

USE OF SOCIAL MEDIA AS LEARNING TOOL

Social media,
Where do I start?
Constantly beeping, buzzing or shouting
"Watch me, but don't misuse me".

Social media,
What positives can you choose?
You can, receive instant views,
Marking has big hopes,
Racism has curled,
Truth is unflured,

Use the social media,
For better communication,
And better translation
For academic performance
And your talent performance
From social media,
Enhance your creativity,
And get a quality education
Acquire new skills and
Access your information.
So, my message is
to use the tool wisely and make it
a habit to talk to your family regularly.

MY VISION FOR INDIA

India has come a long way since gaining independence in 1947 and becoming a republic in 1950. By 2047, it will have completed 100 years as a republic, and it is exciting to think about what the country might look like then. As a nation, we have made significant progress over the past few decades, and I envision India becoming a hub for international trade and commerce in the coming years.

India has contributed immensely to the global economy. To ensure successful development, several key ideas must be considered. First, we need coordination among leading development efforts to ensure that advancements in technology, particularly artificial intelligence (AI) and superintelligence, occur in a manner that maintains safety and integrates smoothly with society. Second, we need to develop the technical capability to make AI systems safe and beneficial. Third, we must enhance our AI capabilities to drive innovation across various sectors.

India also faces significant challenges in healthcare accessibility due to a high doctor-to-patient ratio, geographic barriers, and economic constraints. For instance, the ratio of oncologists to cancer patients in India is approximately 1:2,000, compared to 1:100 in the United States. Initiatives like 10 Bed ICU, founded as part of a government-backed foundation, aim to address these disparities by improving India's critical care infrastructure and expanding access to quality healthcare in underserved communities.

Additionally, fostering a culture of continuous innovation, adaptability, and lifelong learning is crucial. By empowering its youth with education and skills, India can transform them into catalysts for positive societal change, ensuring a brighter and more prosperous future for all.

RANI LAKSHMI BAI CAME IN MY DREAMS AND WISHED FOR ME TO SERVE MY NATION"

Rani Lakshmi Bai, also known as "Jhansi Ki Rani," was a great freedom fighter and a living legend. She was a true symbol of bravery. Despite losing her husband during the war for freedom, she remained steadfast in her fight for the nation. Even after the loss of her son, her determination never wavered. She continued to fight while carrying her son and bravely confronted the British forces. Her victory against the Englishmen was a powerful statement, earning her the revered title of "Jhansi Ki Rani."

She played a crucial role in women's empowerment, setting an example of strength and courage. Most of her army consisted of women from different villages, giving them a purpose and inspiring them to rise. She proved that women are just as capable as men—if not more—when it comes to bravery, leadership, and resilience.

Yesterday, as I fell to sleep, she appeared in my dreams. I was so shocked that I couldn't utter a single word. As she spoke and looked at me, I couldn't help but listen with my whole heart and soul. She told me that everyone has the potential to be like her, as long as they believe in themselves and stand up for what is right.

She wished that I serve my nation and contribute to its progress. As the youth and future leaders of our country, it is our duty to fulfill our responsibilities as citizens. There are many ways to serve our nation—by uniting as one, regardless of gender, religion, or caste, and by working together for a better future. We must always remember the sacrifices of our freedom fighters who struggled to give us the independent nation we live in today.

Her presence in my dream is something I will always cherish. It has left a lasting impact on my life, igniting a fire of patriotism and bravery within me. I will always carry her words in my heart.

I would like to end with a powerful quote:

"चमक उठी सन सत्तावन में, वह तलवार पुरानी थी,
खूब लड़ी मर्दानी वह तो, झांसी वाली रानी थी।।"

YUVA SHAKTI FOR VIKSIT BHARAT "SOCIAL MEDIA AS A LEARNING TOOL"

In this digital age, social media has transcended its primary function of connecting individuals throughout the world and has evolved into a powerful learning tool. Platforms like Facebook, Twitter, LinkedIn, and Instagram are not just social media sites but play an integral role in learning process for students, educators, and professionals alike.

One of the most significant features of social media as a learning tool is its ability to provide instant access to a wealth of information. Traditional educational resources such as textbooks and scholarly articles are often limited to scope and availability. Platforms allow users to share their articles, videos and infographics which make it easier for students to stay updated on latest development in their fields of interest.

For instance, twitter has become a go-to-platform for interactions of students and educators and to share resources, follow thought leaders, participate in discussions by using hashtags. This immediate access to information helps students to establish their viewpoints and resources, enriching their understanding of complex subjects.

Collaboration and communication are one of the most prominent features of social media. In traditional classroom setting interactions are often limited to physical space and time constraints. However, platforms such as Facebook or Telegram groups allow for continuous dialogue beyond classroom where students can ask questions, share insights and collaborate on projects regardless of their geographic locations. This enhances peer learning where students can benefit from each other's learning and experiences.

Educators can utilize social media by creating communities for practices. Teachers can share best practices, resources, strategies for effective teaching. This sharing culture not only benefits individual teaching methodologies but contribute to a bolder professional development network. When teachers engage they incorporate innovative methods into their curriculum, ultimately benefitting their student.

The interactive nature of social media creates engagement and motivation. The traditional learning method sometimes feel monotonous and create disengagement among students. Social media allows learning through various methods like gamification of content as quizzes, online competitive exams which create a healthy competition for learners.

For example, Kahoot and Quizlet allow educator to create quizzers which help student to acknowledge how much they have learnt. They are very beneficial for revision and practice.

Social media promotes a lifelong learning, which is crucial in today's rapidly developing world.

With the large benefits of social media as a learning tool, we should also be aware of challenges associated with it. A prominent issue is that students often get distracted by the constant notification on social media and cannot focus on their academic goals. Moreover issues like misinformation, cyber-bullying and the pressure on students to maintain an online presence affect their mental health and academic performance adversely. Therefore it is crucial for educators and students to develop digital literacy skills and navigate their activities in social media responsibly and effectively.

Additionally, maintaining a balance between online interactions and traditional learning is vital. Social media should complement, rather than replace face-to-face learning experience. This balancing of both online and traditional studying creates a holistic environment for learning.

In conclusion, social media has emerged as a transformative tool which enhances learning, develops community engagement, enhances accessibility to excess information, fosters collaboration, encourages lifelong learning. Social media has become a boon to students as well as educators, it can remain a boon to humankind unless and until we are aware of the challenges and issues regarding it. It creates more interactive learning experiences which will result as individuals and group success in future globally.

My Aspirations

Everybody has dreams, desires, goals or aspirations. Some people fulfilled this dreams by doing hardwork but for some il is still o dream to come true. Al have many aspirations many dreams or many things which I want to do. For some I am I trying but for some of them I have no time. Sometimes I feel to do everything together but it is not possible. So now let me tell you about my aspirations.

My first and foremost one is to clear CLAT exams for which I am working hard these days. Secondly, I want to become a master in making different artworks because I love making them with different ways and colours.

My one of my major dream is to learn playing the flute, one of the most interesting instrument but for the one I don't give time. My last but the most favourite one is to once climb the mountains to experience their beauty and serenity.

These are some of my aspirations and dreams which I want to be fulfilled but still there is time for them to be computed. There should be consistency, passion and hardwork in a person to fulfill their dreams. Hence, a person should always be happy, consistent and disciplined, then only their dream's will become reality.

एक छोटी सी लड़की हूँ

एक छोटी सी लड़की हूँ मैं कुछ सवाल लेकर आई है ,
आँखों में आसू ,
दिल में बवाल लेकर आई हूँ
आज आप सभी की मौन साधना बस नहीं चाहिए
आखिर क्यों इतनी गलत होती है लड़कियाँ , बस आज यही बताईये
हों मैं ही वो निर्भया मे ही वो २ साल की बच्ची हूँ ।
जो चीख चीखकर कहती है छोड़ दो मुझे मैं उम्र से एक बच्ची हु ।
हों हुआ था शोषण मेरा भी
मगर मैं खुद को मौत के घाट नहीं सुलाऊंगी , मैं कलयुग की द्रोपदी हु लाज बचाने श्री
कृष्ण नहीं बुलाऊंगी
धारण कर मैं अस्त्र -सस्त्र खुद ब्रम्हाशत्रु चलाऊँगी और
हनुमानजी की भक्त हूँ ये कहने से कतई नहीं घबराऊंगी ,
तुम छुओ पूछ मेरी एक बार , मैं फिर से खड़े खड़े तुम्हारी लंका फूँक जाऊँगी ,
कि मैं कलयुग की द्रोपदी हूँ , लाज बचाने श्री कृष्ण नहीं बुलाऊंगी
और क्या कहते थे तुम मुझे रानी बनाकर ले जाओगे
खाक खिलाऊँगी मैं रानी जब मेरा ताज भी मेरे मायके
से मंगवाओगे ,
टीवी , एसी, फ्रिज और लम्बी गाड़ी
इन चारो चीजो में मैं कल फिर बिक जाऊंगी ,
हर रोज दहेज की आग में मैं तिल तिल कर मर जाऊंगी
की क्या पता था उस पिता को
एक दिन ऐसा भी आयेगा ,
अरे जवान बेटी के ससुराल उसका शव देखने जायेगा ,
की एक रात घर से बहार क्या रुकी मैं ,
सारे जमाने ने मुझे चरित्रहीन ठहराया है
और कुछ नहीं कहते है उन रातो को गायब लाडलो से,
वाह रे ऊपर वाले तूने क्या खूब नेत्रहीन बनाया है ॥
मैं ही वो बहन बेटी हूँ जिसकी कोख से तुम इस दुनिया में आते हो
हर महीने की पीड़ा सहती हूँ
और मुझको ही अपवित्र बताते हो ,
रक्त का कतरा कतरा गिरता है
है मेरे शरीर और और मुझको नौटंकी का नाम दे जाते हो ,
चुल्हे में जलकर सम्पूर्ण परिवार चलाती हूँ ।
की फिर भी पता नहीं क्यों इतनी सस्ती हूँ ,
आजकल बाजारों में बिक जाती हूँ ॥
मगर मैं याद दिला दूँ हम नारी है ,
एक नारी के प्रकोप संसार भी घबराएगा ,
तू जो मेरे प्रकोप पर वर्षा ,
मैं गंगा में भी रक्त का शैलाब ले आऊंगी
मैं एक कली हूँ एक फुलवारी हूँ ,
मैं इस्त्री हूँ मैं नारी हूँ \
मैं दर्शन हूँ मैं दर्पण हूँ
मैं नाद हूँ मैं गर्जन हूँ ॥
मैं बेटी हूँ , मैं माता हूँ ,
मैं बलिदानो की गाथा हूँ ।
मैं द्रोपदी हूँ मैं सीता हूँ ,
मैं श्रीमद्भगवत गीता हूँ
हूँ नारी हूँ ,
एक नारी ने ही सम्पूर्ण धारा बनाई है ,
एक नारी ने ही सम्पूर्ण महा भारत तक रचाई है ।
वर्षों से बंद पड़े उन नैनो को खोलो नारी आओ बोलो
अब तक जो पुरखो के पीछे ,
अब तक जो मरघट के नीचे ,
अब तक जो बोरखो के पीछे ,
अब तक जप घूँघट के नीचे ढाँप रही
अपने मुख को छोड़ के परदे आओ नारी बोलो
की मैं अनुरोध करती हु हर लड़की से ,
निर्भर न रहो इस दुनिया पे ये लाजित लोग तुम्हरी लाज क्या बचायेगे ।
खुद के बल पर देवी , यह कलयुग है ,
यहाँ लंका से छुड़वाने , श्री राम नहीं आएंगे ॥
मैं आखिर में कहना चाहूँगी ,
मेरा देश बदल जायेगा जिस दिन हर लड़का वीर शिवा जी ओर
हर लड़की महारानी लक्ष्मीबाई बन जयेगी ॥

बच्चो का राष्ट्र निर्माण में योगदान

बच्चो का राष्ट्र निर्माण में योगदान
बच्चे है आशा की किरण ,
सपनो के जैसे सुनहरे गगन ।
हर मुस्कान में छिपी है जान ,
राष्ट्र का ये है , भविष्य महान ।
नन्हे कदम बढ़ाते है राह ,
ज्ञान की ज्योति जलाते है , चाह ।
उनकी शिक्षा , उनका ज्ञान ,
बनायेगा भारत को बलवान ।
सच्चाई , ईमानदारी का हो संग ,
हर बच्चा बने राष्ट्र का अंग ।
नव विचारो की लहर उठे ,
हर बाधा को दूर करे ।
उनके हाथों में कलम हो शस्त्र नहीं ,
हर दिल में हो प्रेम हो क्रोध नहीं ।
संस्कारो से करे सज्जित जीवन ,
बने वे भारत के सच्चे रक्षक वन ।
बच्चो का जो हो सम्मान ,
राष्ट्र बनेगा सदा महान ।
आओ मिलकर दे उन्हें उड़ान ,
बनाये स्वर्णिम हिंदुस्तान ।

मन की आशा

है क्यों निराश तू ,
इकबार गिरा तो है , क्यों उदास तू ।
सूरज भी तो उग कर डूबता है ,
अपना काम हर दिन करता है ,
क्या वो हार मनाता है ? नहीं न
तो क्या क्यों निराश तू ?
इकबार गिरा तो है क्यों उदास तू ,
चाँद भी तो हर रात आता है
लेकिन उसका जाना ही नया सवेरा लाता है
है उसके ऊपर कितने अनेको गड्ढे
उनके कारण क्या वो रोता जाता है ,
नही वो तो बस अपना कर्तव्य निभाता जाता है ,
तो है क्यों निराश तू ? ,
इकबार गिरा तो है क्यों उदास तू
सूरजमुखी हर रोज खिलता
पर रात होते ही सो जाता है
क्या वो चाहता है हमेशा जागना
तो फिर टी क्यों चाहता है ?
न हो निराश तू
बस कर अपने काम तू ।

हँसी

चलो हसने की कोई , हम वजह ढूँढते हैं ,
जिधर न हो कोई गम , वो जगह ढूँढते हैं ।

बहुत उड़ लिए ऊँचे असमानों में ,
चलो जमीं पे ही कही , हम सतह ढूँढते हैं ।

छूटा संग कितनों का जिंदगी की जंग में,
चलो उनके दिलो की , हम गिरह ढूँढते हैं ।

बहुत टाइम गुजरा भटकते हुए अँधेरे में,
चलो अँधेरी रात की , हम सुबह ढूँढते हैं ।

“ बच्चों के जीवन में अध्यापक का महत्व ”

बच्चों के जीवन में अध्यापक का महत्व सर्वोपरी होता है । प्रथम शिक्षक माता है एवं शिक्षा जगत में बुनियाद अध्यापक है ।

गुरु अध्यापक का महत्व आनादिकाल से रहा है प्रत्येक व्यक्ति इस तथ्य को और स्वयं भगवान विष्णु ने भी अर्थात् गोविन्द स्वयं गुरु की महानता को प्रगट किये है
जैसा की :- कबीर अमृतवाणी कहती है की

“गुरु गोविन्द दोऊ खड़े काके लागूँ पाँव, बलिहारी गुरु आपनो जिन गोविन्द दियो बताय “
ऐसी स्थिति में गुरु की महानता स्वमेव प्रगटमान हैं ।

श्री रामचरितमानसके बालकाण्ड के अध्याय । दोहा क्रमांक 45 पर सदमातिक गौर किया जायसंत कहहि असी नीति प्रभु श्रुति पूरान मुनिगात होई न निमल विवेक उर गुव सन कीयं दुरात ॥
अर्थात हे प्रभु संलोग ऐसी निती कहते हैं और वेद पूराण तथा सभी भी यही कहते या बतलाते हैं गुरु के द्विपाव करने से हृदय में निर्मल ज्ञान नहीं होता । जिससे यह प्रगट है की बच्चों के जीवन में शिक्षा व कर्तव्य के आधार पर और उनकी बुनियाद को मजबूती हेतु अध्यापक एक दीपक की तरह जीवन को बच्चों के भविष्य हेतु प्रकाशमय व शिक्षित करते हैं । इसी के कारण जीवन में सभी अध्यापक गुरु वंदन योग्य है और शत शत नमन के योग्य है ।

मेरा मन

छोटे से दिल में अरमान जगे,
चुपचाप कहीं कुछ ख्वाब पले ।
तारों से बातें करता मन,
सपनों की दुनिया रचता मन ।

कभी किताबों में खो जाता,
कभी खयालों में बह जाता ।
नहीं - सी कोशिश बड़ी उड़ान,
बस चाहिए थोड़ा सा-मान।

हर पन्ना बोले एक कहानी,
मेहनत की नहीं जुवानी ।
कलम बनें होठों की आस,
हर अक्षर मे छुपा उजास ।

कभी गिरा तो खुद उठाया,
हर ठोकर ने कुछ सिखाया।
सपना छोटा पर हिम्मत बड़ी,
आँखों में चमक, होठों में मुस्कान गढ़ी ।
ऐसा है मेरा मन !

राहें मेरी, सपने मेरे

समय ! तूक्यों ऐसे भागा जा रहा है?
बचपन का कोना क्यों, सूना कर रहा है?
अभी तो कहानियों में, खोई रहती थी मैं,
अब सामने है ये दुनिया, बड़ी और नई।

सब कहते हैं "ये करना है, वो बनना है"
पर धड़कन मेरी कुछ और ही कहती है।
क्या बस भीड़ का हिस्सा बन कर रह जाऊँगी"?
या अपनी धुन पर चलना सीख पाऊँगी ?

कभी लगता है, डर से ये आँखें भर आएँगी,
क्या मैं अपनी राह खुद ही ढूँढ पाऊँगी ?
पर दिल की आवाज, वो कहती हैं साफ़ -
"जो सही लगे, बस वही करना है अब"

डरना नहीं है, जो सबसे अलग है राह,
उसी पे' चलना है, न चाहे हो कितनी भी चाह ।
उड़ना है ऊँचा, पर अपने पंखों से,
यही है मेरा सपना, हर मुश्किलों से ।

बचपन के रंग

छोटे-छोटे थे दिन हमारे।
खिलौनों में थे सपने सारे।
गुड़िया, कार और रंग बिरंग खेल,
था जैसे एक मेला।

सुबह - सुबह बस्ता लेकर जाते,
माँ की ममता साथ में लाते।
टीचर की डॉट भी थी प्यारी,
दोस्ती में छुपी थी दुनिया सारी।
रंग-बिरंगे थे पेंसिल और रबर,
लंच में टिफिन का चलता था जबर।
कभी लड़ते, कभी मनाते,
फिर हँसते-हँसते गले लग जाते।
ना अंक की चिंता, ना होमवर्क का डर,
बस खेलना, पढ़ना और मस्ती हर पल भर।
काश वो दिन फिर लौट के आजाए
हम फिर से बचपन जी पाएं।

एक पिंजरा

मुझे याद है वो पिंजरा,
जहाँ मुझे था भेजा गया।
पहले तो बहुत दुःख हुआ,
छिन गई थी मेरी आज़ादी जहाँ।
पर कुछ सालों में हुआ चमत्कार,
मिले मुझे मेरे साथीदार,
जब हम मिले और साथ आए,
हमने बनाई यादे यादगार।
धीरे-धीरे वो पिंजरा बढ़ा, तो दुःख कम हुआ।
कुछ लोग आए, कुछ लोग गए।
पर वो लगाव न कम हुआ।
उस पिंजरे में जो ज्ञान के दाने,
हमने थे चुगे,
वे सारे बन गए – जीवन के आदर्श खरे – खरे।
यादों के जो लिखे थे पन्ने, बन गई उनकी किताब,
पढ़ने लिखने का मुझे मिल गया सुनहरा खिताब।
भूलूंगी न मैं कभी, ये सियाने पल सभी,
किया ये वादा खुद से, आउंगी लौटकर मौका मिले कभी।
हुए पूरे वो पंद्रह साल, पूरा हो गया कैद का दौर,
स्वतंत्रता का आया समय,
कहाँ हमसे यहाँ से जाओ कहीं और।
तब चला मुझे पता, हुआ था उसी पिंजरे से प्यार,
अब उस पिंजरे से न जाने को न, मन कह रहा था बार- बार।
हाँ! वो मेरा स्कूल था,
हाँ! वो मेरा ही तो स्कूल था।

निबंध : एक भारत श्रेष्ठ भारत

निबंध : एक भारत श्रेष्ठ भारत

एक भारत श्रेष्ठ भारत को हम सब मिलकर जब आगे बढ़ायेगे तभी हम देश में नव बदलाव लायेंगे। “
प्रस्तावना : भारत एक अनोखा राष्ट्र जो विभिन्न धर्म जाती और संप्रदायों, संस्कृति अहिंसा और न्याय
के सिन्धान्तों पर आधारित स्वतंत्रता संग्राम तथा संस्कृति विकास के समृद्ध इतिहास द्वारा एकता में
सूत्र में बाँध कर हुआ है।

एक साझा इतिहास के बीच आपसी समझ की भावना ने ‘अनेकता में एकता’ को प्रसारित करने में
महत्वपूर्ण भूमिका निभाई है। जो राष्ट्रवाद की एक लव क रूप में सामने आती हैं जिसे भविष्य में
पोषित और अभिलाषित करने की आवश्यकता है।

एकता का महत्व : भारत में तकनीकी विकास के फलस्वरूप विभिन्न क्षेत्रों के लोगों के बीच की
दूरियाँ बहुत हद तक कम हो चुकी हैं, परन्तु साथ-ही साथ यह भी आवश्यक है, की हम लोगों के
दिलों की भी दूरियाँ कम करने में प्रयत्न करें। यह युग गतिशीलता और आगे बढ़ने की सुविधा प्रदान
करता है। विभिन्न क्षेत्रों के लोगों के बीच सांस्कृतिक आदान – प्रदान के सामान्य दृष्टिकोणको साझा
भी करता है। आपसी सामंजस और राष्ट्र – निर्माण की महान भावना, जन संप्रदायों को और राष्ट्र –
निर्माण की महँ भवना, जन सम्प्रदायों एकीकृत करने में अत्यंत महत्वपूर्ण भूमिका निभाता है।

आपसी विश्वास और सद्भाव भारत के ताकत की नींव हैं। तथा यह हमारा धर्म और दायित्व भी है
की हम सम्पूर्ण भारतवासीयों को अपना परिवार समझकर सबके प्रति सदाचार की भावना का प्रसार
करें क्योंकि :-

“भारत में मिलते हैं हर तरह के रंग,

तभी तो हैं, हम सदैव एक-दूसरे के संग।”

एक भारत श्रेष्ठ भारत योजना शुभारम्भ :- 31 अक्टूबर 2015 को माननीय प्रधानमंत्री द्वारा, राष्ट्रीय
एकता दिवस के उपलक्ष्य पर सरदार वल्लभ भाई पटेल की जयंती मानते वक्त्र यह संकल्प किया
गया या की विभिन्न क्षेत्रों के आपदाओं के बीच आपसी सामंजस और सदभाव की भवन को संरचित
करने तथा पारस्परिक भावना से देश के विकास हेतु एक-भारत श्रेष्ठ भारत की योजना के तहत
भारत के एक राज्य अथवा केंद्र शासित प्रदेश को दूसरे राज्य अथवा केंद्र शासित प्रदेश के साथ
जोड़ा बनाया जायगा जिसकी समय सीमा – 1 वर्ष होगी। और इस दौरान जोड़े बनाये गये राज्य
एक दुसरे की वैभवशाली परंपरा इतिहास, साहित्य, भाषा, खाना-पीना, वेश-भूषा को जानेंगे तथा
इसका ज्ञान प्राप्त करेंगे, जिससे दोनों राज्यों के बीच आपसी समझ और एकता की भावना का
संचार होगा। इस योजना को सफल बनाने के लिए भारतवासीयों को शत – प्रतिशत योग्योदान
अनिवार्य है।

निष्कर्ष :- प्रत्येक वर्ष इस योजना के फलस्वरूप राज्यों और केंद्रशासित प्रदेशों को एक-दूसरे की
परंपरा, धर्म संस्कृति आदि को जानने का अवसर प्राप्त होगा जिससे वे एक – दूसरे के संस्कृति का
सम्मान करेंगे, उसे अपना मान अनुसरण करेंगे, जिससे उनके बीच आपसी सामंजस्य की भावना का
प्रसार होगा और एकता के जन – कल्याण की भावना, देश के प्रगति, उन्नति, और विकास में
सहायक होगी।

किसी भी योजना अथवा मुहिम के सफल होने की जिम्मेदारी उस देश के नागरिकों पर निर्भर करती
है। हमें अपने युग-पुरुषों के मात्र – संकल्प, भारत को विश्व – गुरु का दर्जा दिलाने के लिए हर संभव
प्रयास करना चाहिए, जिससे हमारे देश की विशेषता अनेकता में एकता की भावना का सही मायने में
पालन होगा।

भारत की सबसे अनोखी पहचान उसमें रहने वाले लोगों से ही है अतः हमें अपनी इस पहचान को
अपनी ताकत के रूप में इस्तमाल करना है और न की देश धर्म – जाति के नाम पर लोगों को बाँटना
और न ही अपने देश का विभाजन करना है। जब हम सब एक साथ मिलकर भारत की प्रगति के
लिए कार्यशील रहेंगे तभी हम अपने देश को बुनियादी ऊँचाइयों पर ले जायेंगे। भारत दुनिया का
सबसे अनेक धर्म, अनेक जातियों के लोगों का निवास है अतः अथेव यह देश एक जुटता की मिसाल
है।

अपने लक्ष्य निर्धारित करना

आपके मन में यह प्रश्न उठ जाना चाहिए, "कि मैं अपने लक्ष्य को किस प्रकार निर्धारित करूँ"? यह एक अच्छा विचार है, । यदि आपको विश्वास है कि आप इसे पा सकते हैं और इसे पाएंगे तो सही तरीके से निर्धारित लक्ष्य आंशिक रूप से पहले ही प्राप्त हो जाता है क्योंकि आपके विश्वास कर लेने के बाद सफलता आसान हो जाती है । लेकिन यह अति आवश्यक की सफलता पाने के लिए सबसे पहले खुद में बदलाव लाएँ । कल का इंतजार ना करे आज से और अभी से लक्ष्य पर पूरा ध्यान केंद्रित करते हुए और उसे पाने का पूरा प्रयास करें । जिस प्रकार अर्जुन को पेड़ पर बैठी हुई केवल चिड़िया की आँख दिखाई दे रही थी और कुछ भी नहीं, उसी प्रकार हमें भी केवल अपने लक्ष्य पर ध्यान केंद्रित करना है, जब तक कि हम उसे पा न ले । हमेशा खुद पर विश्वास और सकारात्मक सोच रखें । जैसा आप सोचते हैं वास्तव में आप वैसा ही बनते हैं, इसलिए हमेशा अच्छा सोचो , आपकी अच्छी सोच आपको आगे बढ़ाने में मदद करेगी । अपने मन में कभी भी नकारात्मकता को प्रवेश करने मत दो । मैं यह कर सकता हूँ या कर सकती हूँ ,यह बात हमेशा अपने मस्तिष्क में रखो । संयम और धैर्य रखो । जीवन में उतार-चढ़ाव आता रहता है हमें अच्छी यादों को याद करना चाहिए । स्वयं को खुश रखे । अपने गुरु और माता-पिता का सदैव सम्मान करें और उनसे मार्गदर्शन लेते रहें । अपनी योग्यता का प्रयोग करें और समर्पण व परिश्रम से उसकी धार निरंतर तेज करते रहे, अपने लक्ष्य को पाने के लिए लगातार प्रयास करते रहे ,समस्याओं पर ध्यान कम से कम दे । अपनी गलतियों को स्वीकार करें , अहंकार का त्याग करें । आपके अंदर क्या कमी है? उसकी सूची बनाइए और सुधारने का प्रयास करें । अपने जीवन में आप क्या बनना चाहते हैं उसे कागज पर लिखकर अपने कमरे की अलमारी में लगा दीजिए और रोज उसे देखिए और पढ़िए, इससे आप अपने लक्ष्य को कभी भूल नहीं पाएंगे ।

एक कहावत है "हाथी चलते रहते हैं और कुत्ते भौंकते रहते हैं" इसका आशय है कि हमें अपने कार्य पर ध्यान देना है ,लोग क्या बोल रहे ,क्या सोच रहे हैं उसे नजर अंदाज करे और अपने लक्ष्य की ओर पूरा ध्यान दे है यकीन मानिए सफलता आपके कदम चूमेंगी । आप इन बातों को अपने जीवन में उतारे - ईश्वर पर और खुद पे भरोसा रखें, प्रसन्न रहे, अच्छी सोच रखे, किसी का अहित न करे,छोटे-बड़े सभी का मान -सम्मान करें,अनुशासन से कार्य करे, अपने कार्य के प्रति ईमानदार रहे,अपने लक्ष्य के प्रति निरंतर सकारात्मक सोच के साथ प्रयास करते रहें निश्चित ही जीवन में आप सफलता के शिखर पर पहुँचेंगे और सूर्य की तरह अपने परिवार ,स्कूल, समाज ,देश को प्रकाशित करेंगे ।

नादान से समझदार तक

यह कहानी मनीषा और उसकी बेटी प्रिया के इर्द -गिर्द घुमती है । प्रिया एक जिद्दी और अपनी माँ की बात न मानने वाली लड़की थी । उसकी माँ मनीषा उसकी इस आदत से बहुत परेशान थी ,क्योंकि वह जानती थी की अगर प्रिया ऐसे ही करती रही तो उसका भविष्य खतरे में पड़ सकता है । मनीषा ने कई बार प्रिया को समझाने की कोशिश की लेकिन वह नहीं मानी । एक दिन जब मनीषा की बहन रोहिणी उनके घर आई , तो उसने प्रिया की इस समस्या का समाधान निकालने का वादा किया । रोहिणी पेशे से एनीमेशन डायरेक्टर थी । उसने सुझाव दिया की वे एक कार्टून फिल्म बनायेंगे जो प्रिया को सिखाएगी । उसने अपनी टीम के साथ मिलकर एक कहानी तैयार की । एक दिन अग्नेसिमा ने लाइब्रेरी से एक जादुई पुस्तक चुरा ली । उस पुस्तक में ऐसे मंत्र थे जो किसी भी तरह का जादू कर सकते थे ।अनेय्शिया ने सबसे शक्तिशाली मन्त्र पढ़ा और अचानक वह राक्षसों की अलग दुनिया में चली गई । वह वहाँ से कभी वापस नहीं आई, और उसकी माँ उसे याद करके हमेशा रोती रही । यह कहानी प्रिया को टीवी पर दिखाई गई । इसे देखकर प्रिया को अपनी गलतियों का एहसास हुआ । उसने महसूस किया की माँ की बात न मानने का परिणाम कितना भयानक हो सकता है । वह रोते हुए अपनी माँ के पास गई और उससे माफ़ी मांगी । मनीषा अपनी बेटी के इस बदलाव को देखकर बहुत खुश हुई । यह कहानी केवल प्रिया को ही नहीं बल्कि हर बच्चे को यह सिखाती है की माता -पिता की सलाह मानना क्यों जरूरी है? माता -पिता का हर निर्णय उनके बच्चों की भलाई के लिए होता है ।

KINDERGARTEN

ORIENTATION PROGRAM FOR NURSERY

FIRST STEP , NEW EXPERIENCES

The Parents' Orientation Programme was conducted on July 6th 2024 to warmly welcome and guide parents as partners in their child's educational journey. The session aimed to provide a clear understanding of the school's vision, teaching methods, and ways to support children's growth both at school and at home.

OUTDOOR GAMES

Outdoor games, directly as well as indirectly, contribute much to enhance necessary life skills in children. It also help in replenishing their creativity and ability to think out of the box. When children play outdoors with their friends, they develop communication, leadership and collaborative spirits.

Feast day of Head Mistress

A CELEBRATION OF LOVE AND BLESSINGS

The staff and students of Kindergarten celebrated their Headmistress's feast day on 23rd August and prayed for her on that auspicious day.

UNLEASH YOUR CREATIVITY

According to the New Education Policy (NEP) and NCTE guidelines, kindergarten students are taught life skills such as drawing and block-building to enhance critical thinking and overall development.

On 10th January 2025, our school stage turned into a vibrant world of colours, characters, and creativity as students participated in the much-awaited Fancy Dress Competition. The event provided young learners an opportunity to showcase their imagination, confidence, and stage presence in the most delightful way.

RHYTHM ON TINY FEET

25th october, the school auditorium came alive with rhythm, colours, and energy during the much-awaited Dance Competition. The event, held as part of Children's Day celebrations, provided a vibrant platform for students to showcase their talent, creativity, and passion for dance.

CHRISTMAS CELEBRATION

On 21st December 2024, our school was filled with joy, laughter, and festive cheer as children came together to celebrate the magic of Christmas. The atmosphere was alive with twinkling decorations, colourful balloons, and the sweet sound of carols echoing through the halls. The celebration began with a lively Christmas assembly, where students shared the story and significance of the festival. Children dressed as Santa Claus, elves, and angels added to the festive spirit, spreading smiles wherever they went. Melodious carol singing, energetic dance performances, and a joyful skit brought the essence of Christmas to life
